Land Reclamation Memorandum No. 82-11

TO: ALL SURFACE MINING COMPANIES

FROM: Douglas Downing, Supervisor
Land Reclamation Division

DATE: August 4, 1982

RE: Reporting of Affected Acreage Under the Surface-Mined Land Conservation and Reclamation Act, Amended 1975

Enclosed are copies of affected acreage report form MLCR-3. A detailed map showing acreage affected is needed. Either an individual map for each permit or a map showing affected acreage for all current permits at a mine is acceptable.

A form MLCR-3 and map are to be filed with the County Clerk of each surface mining permit in effect during the period of July 1, 1981, through June 1982. At the time of filing form MLCR-3, have the County Clerk sign a form MLCR-3a (copies enclosed) for each MLCR-3 submitted. Please submit the completed form MLCR-3a to this office along with two copies of form MLCR-3 and two maps.

Please submit affected acreage reports and maps by September 1, 1982.

If you have any questions regarding the reporting of affected acreage, please feel free to contact either your Land Reclamation Division Representative or this office.
