Memorandum No. 95-7

TO: All Coal Operators

DATE: October 4, 1995

FROM: Scott Schmitz, Supervisor, Land Reclamation Division

RE: Extension of Reporting Deadline for Affected Acreage

Because of delays encountered in finalizing a contract for aerial photography, the photos have not been taken and it is impossible to predict when the photos will be available. Subsequently, operators will have to complete their affected acreage reports for FY'95 without the aid of the photos we normally provide. The deadline for filing the reports is hereby extended to November 30, 1995.

Effective July 1, 1995, the Illinois Department of Natural Resources was created through the consolidation of the Illinois Department of Conservation, Department of Mines and Minerals, Abandoned Mined Lands Reclamation Council, the Department of Transportation's Division of Water Resources, and the Illinois State Museum and Scientific Surveys from the Illinois Department of Energy and Natural Resources.
