MILEAGE DISTANCE CHART

Mileage shown does not always represent the shortest route. To find the distance between two towns, trace down the vertical column of one town to its intersection with the horizontal row of the other town. To convert miles to kilometers, multiply miles by 1.61 (approximate).

Illinois is a primary seatbelt state, which means you can get pulled over and ticketed for not wearing your seatbelt. Please remember to buckle up every trip every time, it's the law.

You Drink & Drive YOU LOSE

The Illinois Department of Transportation, the Illinois State Police and local law enforcement agencies across the state are asking you to make the right choice: Don't drink and drive. The illegal blood alcohol content limit in Illinois is .08%, but impairment starts with the first drink. Help reduce alcohol-related traffic fatalities in Illinois by choosing a designated driver.

The Orange Ribbon Campaign represents our commitment to keep workers and motorists safe in Illinois work zones. Here are some work zone safety facts you should know:
- Always follow the posted speed limit.
- Illinois State Police have a zero tolerance policy for work zone speeders.
- Photo speed enforcement is used in Illinois; violators will receive a ticket in the mail.
- A first time violation of the posted speed limit is a minimum $375 fine.
- A subsequent offense(s) is $1,000 and a 90-day suspension of your driver's license.
- Injure or kill a worker, face up to a $10,000 fine and 14 years in prison.
