RE: Blanket Extension for Reporting of FY '96 Affected Acreage

Land Reclamation Division Memorandum No. 96-6, dated August 26, 1996, indicated the due date for submitting FY'94 affected acreage reports is September 30, 1996. A blanket extension is being granted because of delays in taking the Department's annual aerial photographs. Since the aerial photos are still not available, the due date is hereby extended to October 31, 1996, for submission of the affected acreage reports.

Should you have any questions regarding the reporting of affected acreage, please do not hesitate to contact your field representative or this office.

Effective July 1, 1995, the Illinois Department of Natural Resources was created through the consolidation of the Illinois Department of Conservation, Department of Mines and Minerals, Abandoned Mined Lands Reclamation Council, the Department of Transportation's Division of Water Resources, and the Illinois State Museum and Scientific Surveys from the Illinois Department of Energy and Natural Resources.
