

Applying for a DNR Grant—Updated Fall 2021

Amplifund Introduction

The State of Illinois adopted Amplifund as the statewide online grant management system in 2021. This system is used to apply for grants, complete grant reporting, and request payments. It allows grantee organizations to manage their State of Illinois grants in one place.

The Amplifund Grant Management System uses a single log-in that is also used in the Grantee Portal. It pulls data from the [Grantee Portal](#) and the statewide [Catalog of State Financial Assistance](#) (CSFA) to reduce the need for duplicate data entry.

How to Find a Grant Application Link

IDNR generally provides application links on the webpage for each of our grant programs. They can also be found on the [Catalog of State Financial Assistance](#) (CSFA). The entries in this catalog include Notice of Funding Opportunities.

The grant application link is included in each Funding Opportunity entry. Follow the instructions and copy the link address into a browser.

Opportunity Information

CSFA Number	422-50-1655
CSFA Popular Name	Certified Local Governments
Title	Certified Local Government Grants Program
Description	The Certified Local Government (CLG) matching grants program in Illinois serves as a resource for participating city and county governments to develop and sustain effective local preservation programs and projects that are critical to preserving local historic resources. The State Historic Preservation Office (SHPO) of the Illinois Department of Natural Resources (IDNR) administers the Illinois CLG grant program utilizing federal funding it receives from the U.S. Department of Interior, National Park Service (NPS) Historic Preservation Fund (HPF) Program. Under this program, the NPS requires that at least ten percent (10%) of Illinois' annual federal allocation from the HPF be subgranted exclusively to participating CLGs. Currently, there are 81 CLGs in Illinois. Contingent on resolution of the federal budget for its fiscal year 2018, the SHPO anticipates approximately \$110,000 to \$150,000 will be available—for a competitive basis—for this round of grants.
