IDNR Accepting Applications for OSLAD and LWCF Grant Programs

SPRINGFIELD, IL – The Illinois Department of Natural Resources (IDNR) today announced applications will be accepted for grants through the Open Space Land Acquisition and Development (OSLAD) and the federal Land and Water Conservation Fund (LWCF) grant programs beginning on July 1, 2019.

The OSLAD program is a state-financed grant program that provides funding assistance to local government agencies for acquisition and/or development of land for public outdoor recreation areas. OSLAD is a matching program that provides an advance payment (for development projects only) that is 50 percent of the grant award amount shortly after the grant agreement is executed. The local agency must demonstrate and possess the ability to finance the remaining costs of an approved project prior to receipt of remaining grant funds. This program is funded through a percentage of the state's Real Estate Transfer Tax.

The LWCF is a program that utilizes federal dollars to acquire land to be used for outdoor recreation. This program provides up to 50 percent of the certified market value of property acquired to be developed into outdoor recreation areas. No advance payment is allowed on acquisition projects. LWCF is funded nationally by revenue from offshore oil and gas leases.

Both programs are managed by the IDNR with concurrent application due dates, equal grant maximums and similar general rules.

The application period will open July 1 and applications must be submitted to the IDNR by 5:00 p.m. on August 19, 2019. The Notice of Funding Opportunity can be found at <https://www.illinois.gov/sites/gata/Pages/default.aspx>.

Consult the IDNR website at <https://www.dnr.illinois.gov/AEG/Pages/Grant-Administration.aspx> for more information or call the IDNR Grants main line at (217) 782-7481.

IDNR Accepting Applications for Boat Access Area Development Program

SPRINGFIELD, Ill. – The Illinois Department of Natural Resources (IDNR) today announced applications will be accepted for grants through the Boat Access Area Development grant program beginning on July 1, 2019.

The Boat Access program is a state-financed grant program that provides funding assistance to local government agencies for acquisition and/or development of land for public boat and canoe access areas in Illinois. This program can provide up to 100 percent reimbursement funding assistance on approved development project costs and 90 percent reimbursement on land acquisition costs. The local agency must demonstrate and possess the ability to finance the costs of an approved project prior to receipt of grant funds. This program is funded through a percentage of the state's marine motor fuel tax and canoe registration fees.

The program is managed by the IDNR. The application period will open July 1 and applications must be submitted to the IDNR by 5:00 p.m. on August 19, 2019. The Notice of Funding Opportunity can be found at <https://www.illinois.gov/sites/gata/Pages/default.aspx>.

Consult the IDNR website at <https://www.dnr.illinois.gov/AEG/Pages/Grant-Administration.aspx> for more information or call the IDNR Grants main line at (217) 782-7481.
