

Illinois Department of
Natural Resources **MEMORANDUM**

To: Director Wayne Rosenthal

From: Director Rafael Gutierrez, OLE *R.G./sch*

Date: June 29, 2015

Subject: Conditions on the Illinois River from river mile marker 0 (confluence of the Mississippi River) to river mile marker 273 (the confluence of the Kankakee and DesPlaines River).

Region 1, 2 and 4 Conservation Police Commanders report flooding, saturated levees, dangerous currents and floating and submerged debris have created conditions significantly hazardous for navigation the entire length of the Illinois River from mile marker 0 to 273. The conditions also make it treacherous for emergency response personnel who are called upon to respond to and rescue persons involved in boating mishaps.

The Illinois Department of Natural Resources has authorization to designate Restricted Boating Areas during hazardous conditions as cited in the following:

Section 2030.80 Hazardous Navigation Conditions - Designated Restricted Boating Areas

In the event that the Department of Natural Resources determines the presence of conditions that make navigation of a body of water significantly dangerous to the public, the Director of the Department of Natural Resources may, in coordination with the federal government, designate Restricted Boating Areas on any affected body of water within the jurisdiction of the State of Illinois. This designation shall be made by public announcement in local media and by posting at local public boat launches and marinas, and the restricted area shall be physically marked by buoys, signs, manned watercraft or yellow police tape. This designation will remain in effect until the Director of the Department of Natural Resources determines that navigation is no longer significantly dangerous to the public, but in no case shall the designation remain in effect longer than 90 days. Rescission of the Restricted Boating Area designation shall be publicly announced in local media and posted at local public boat launches and marinas and any markings shall be removed.

(Source: Added at 29 Ill. Reg. 15550, effective September 27, 2005)

I recommend the Illinois River from river mile markers 0 to 273 be designated as a Restricted Boating Areas (Recreational Boats Only) effective June 29 at 10:00 a.m. If you approve, please sign below and the Conservation Police will coordinate the Restricted Boating Area with the United States Coast Guard and local authorities.

Marc Miller
