	<i>Glossary</i>	<i>10</i>
1.	Illinois Coastal Management Program Overview	11
	Coastal Management Program Goals	11
	Coastal Management Program Priorities	12
	Coastal Management Program Additional Priorities	13
	Public Outreach	13
2.	Physical Characteristics of the Illinois Coast	15
	Political Geography	15
	Coastal Geomorphology	18
	Zion Beach-Ridge Plain	
	Bluff Coast	
	Chicago Lake Plain	
	Coastal Geology	18
	Upland Sediments and Bedrock	
	Beach Sediments	
	Coastal Processes	20
	Wind and Waves	
	Lake Level and Lake-Level Change	
	Short-Term and Sudden Lake-Level Change	
	Beach and Nearshore Ice	
	Littoral Transport	
	Geologic History of the Illinois Coast	21
	Landscape Shaping by Glacial Processes	
	Landscape Reshaping by Coastal Processes	
	Watersheds and Drainage	23
	Engineering the Chicago River	26
	Engineering the Little Calumet River	26

Lake Michigan Flow Diversion	27	
Shoreline Change	27	
General		
Chicago Lakeshore		
North Point Marina Vicinity		
Waukegan Harbor Vicinity		
Lake Calumet Vicinity		
Other Notable Shoreline Modifications		
3. Defining the Illinois Coastal Zone Boundary	32	
Federal Requirements and Guidelines	32	
Requirement for Excluded Land and Water Areas		32
Framework for the Illinois Coastal Boundary	33	
Illinois Coastal Zone Boundary Public Input	33	
A Two-Component Inland Boundary	35	
Lakeward Extent of the Illinois Coastal Zone	36	
Defining the Inland Coastal Zone Boundary Procedures		37
Coastal Zone Boundary Map Organization	39	
Coastal Zone Boundary Description	39	
Inland Waterway Coastal Zone Corridor Description		45
Coastal Boundary Junction with Neighboring States		48
4. Coastal Erosion and Erosion Mitigation Planning	50	
Four Categories of Illinois Coastal Erosion	50	
Shore Erosion		
Bluff Erosion		
Lakebed Erosion		
Waterway Bank Erosion		
Historical Mitigation of Coastal Erosion	51	
Shore-Protection Structures		
Headland Beach Systems		
Lakefill		

	Beach Nourishment	
	Permitting Projects for Coastal Erosion Control – General	52
	Permitting Projects for Coastal Erosion Control – Specific	53
	ICMP Coastal Erosion Assessment and Planning	55
	Illinois Beach State Park	
	Nearshore Lakebed	
5.	Shore Access and Recreation	57
	Definition of a Beach	57
	Distinction between Public and Private Beaches	58
	Distribution of Public Beaches along the Illinois Lake Michigan Shore	58
	Public Beach-User Fees	59
	Public Beaches along Lake Calumet and Wolf Lake	60
	Municipal Public Land Bordering the Inland Waterways	60
	Public Access along the Coastal Ravines	62
	State-Managed Coastal Zone Parks and Recreation Areas	64
	County-Managed Coastal Zone Parkland and Public Areas	64
	Boating Access along the Lake Michigan Shore	65
	Boating Access along the Inland Waterways	66
	Lake Michigan Underwater Parks	67
	Planning and Management Challenges	67
	Maintaining Existing Access and Recreation	
	Enhancing Existing Access and Recreation	
	Identifying Potential New Access and Recreation Venues	
	Planning for New Access and Recreation	
	ICMP Integration into Existing IDNR Access and Recreation Planning Processes	69
6.	Special Management Areas	72
	Collation of Issues and Areas Meriting Special Attention	72
	Role of the Technical Advisory Groups (TAGs)	72
	TAG Issue Paper Summary	73
	Program Requirements for APC and APR	73

APC and APR Analysis for ICMP Purposes	74	
ICMP Inventory and Designation of APC and APR		75
General APC Descriptions	76	
APC Summary	86	
APR Description	86	
Criteria for APR Designation		
Designating APRs		
7. Program Organization and Implementation	88	
Purpose	88	
Executive Order	88	
Organization of ICMP	88	
Coastal Program Network and Roles	88	
Consistency among State Agencies and within IDNR		88
Members of the Coastal Program Network	89	
Regulatory Authorities	89	
IDNR linkages to State Agencies	90	
INDR linkages to Local Communities	91	
ICMP Administration	92	
ICMP Program Implementation	93	
ICMP Technical Advisory Committee	95	
ICMP Coastal Advisory Group	98	
ICMP Consistency	101	
ICMP Framework Summary	101	
8. Coastal Management Program Funding and Grants Program		103
ICMP Grants Program	103	
Overview		
Goals and Objectives		
Eligible Recipients for ICMP Grants Program Assistance		103
General Category Examples of Eligible Projects		104
General Category Examples of Non-Eligible Projects		104

Identifying Annual Priority Issues and Emphasis Areas for the ICMP Grants Program

9.	Management Policies and Authorities	106
	General Requirements	106
	Identification of Land and Water Use Authorities for the Purposes of the ICMP	106
	Geographic and Political Considerations	
	Water Dependency Considerations	
	Urban Development Considerations	
	Summary of Considerations	108
	Management Authorities by Category	109
	Category 1: Public Waters, Navigation, and the Public Interest	110
	Public Trust Doctrine Principles and Court Decisions Applicable to Lake Michigan	
	Category 2: Erosion and Flooding	113
	Flood control in the Coastal Zone	
	Category 3: Water Quality and Water Supply	117
	Category 4: Habitats, Wetlands, and Wildlife	121
	Category 5: Historic, Archaeological, and Cultural Resources	127
	Category 6: Recreation and Public Access	128
	Category 7: Economic Development	130
	Category 8: Energy Facilities and Air Quality	134
	Overview of ICMP Management Authorities by State Agencies, Boards and Commissions	134
	ICMP Statutory Authorities, Policies and Programs by State Agency	137
	Land and Water Uses of Regional Benefit	139
	Uses of Regional Benefit Subject to Management	141
10.	Energy Facility Planning Process	142
	Existing Energy Facilities Located within the ICMP Boundary	142
	Deepwater Ports including terminals and Navigable Waterways	145
	Energy Policy and Planning Authorities and Initiatives	147
	Governor Executive Orders (EO) and Initiatives	148
	State Regulations Specific to Energy Facilities	149
	Other State Regulations by Agency	150

Public Participation	151	
11. Federal Consistency and the National Interest		152
Federal-State Consultation Requirements	153	
Identifying the National Interests	153	
Federal Consistency Regulations	155	
General Federal Consistency Requirements and Objectives		155
Federal Actions subject to Federal Consistency	156	
Federal Agency Activities	156	
Federal Licenses or Permits	158	
Federal Assistance to State and Local Governments		159
ICMP Federal Consistency Review Procedures	159	
Consistency Determination and Review Process for Federal Agency Activities		160
Consistency Certification and Review Process for Federal License or Permit Actions		161
Consistency Review Process for Federal Financial Assistance		162
Conflict Resolution	162	
Appeal Process	163	
ICMP Federal Consistency Review Process	163	
Federal Actions subject to Federal Consistency	164	
Federal Licenses or Permits Activity	166	
Federal Financial Assistance Activities Subject to Federal Consistency		168
Enforceable Policies	170	
12. Coastal Nonpoint Source Pollution Program		177
Program Objectives and General Requirements	178	
Existing Water Quality Management Plans and Programs in Illinois		180
Illinois Nonpoint Source Management Program		
Certification of IEPA Authorities		
Best Management Practices		
Illinois NPS Program Initiatives		
Coastal Non-Point Pollution Control Enforceable Policies		183
Agricultural Source Category		

- Forestry Source Category
- Urban/Rural Areas Source Category
- Marinas and Recreational Boating Source Category
- Hydro-modifications Category
- Wetlands, Riparian areas, and Vegetated Treatment Systems Category

IDNR and IEPA Plan for Coastal NPS Program Development 187

ENDNOTES 188

4 188

5 188

ACKNOWLEDGMENTS TBD

APPENDIX A: The Federal Coastal Zone Management Act and Cross Reference to Program

Requirements 189

APPENDIX B: Coastal Management Program Boundaries 193

Overview

A Two-Tiered Coastal zone Boundary

Lakeshore Coastal Zone Boundary

Inland Waterway Coastal Zone Boundary

Summary

APPENDIX C: Executive and Administrative Orders 212

APPENDIX D: Illinois Coastal Management Issue Papers 215

What purpose will the Issue Papers serve in the ICMP?

Resource Areas Meriting Special Attention: 215

Geographic Areas Meriting Special Attention: 216

Shoreline Erosion 217

Habitat, Ecosystem and Natural Area Restoration 232

Ravine Systems	239
Public Access and Recreational Resources	255
Historic and Cultural Feature Preservation	265
Education and Public Awareness	275
Illinois Beach State Park and North Point Marina, including the Dead River, and Kellogg Creek Watersheds	279
Waukegan Harbor, Waukegan Lakefront, and Waukegan River Watershed	300
Chicago River and North Shore Channel River Corridors, and Wilmette Harbor	315
Lake Calumet and Calumet River Area	344
Little Calumet and Grand Calumet River Corridors	357
APPENDIX E: Federal Communications	385
