Agency-specific Content for the Notice of Funding Opportunity

A. Program Description

The State Furbearer Fund portion involved in the Special Wildlife Funds Grant Program provides for shall be appropriated for the purpose of conservation of fur-bearing mammals, and for projects, approved by the Department, for the purpose of developing and improving public fur-bearing mammal habitat management areas within the State. Organized groups of volunteers from appropriate not-for-profit organizations, governmental entities, educational institutions or corporations develop projects and submit applications to the Department to help fund their projects. The grants are competitive, and are evaluated for their merit.

Grant Program Administration: The Office of Resource Conservation's Division of Wildlife Resources administers four special grant programs that are funded by Illinois sportsmen through the purchase of Habitat Stamps and Migratory Waterfowl Stamps. These are the Illinois Habitat Fund, State Pheasant Fund, State Furbearer Fund and the State Migratory Waterfowl Stamp Fund.

These Funds are governed by Administrative Rule set forth in 17 Ill. Adm. Code 3060. The Grantee agrees and understands that the grant shall be administered pursuant to the Administrative Rule and shall comply with these terms and conditions. The Administrative Rule for the Illinois Furbearer Fund Grant program is as follows:

Section 3060.50 State Furbearer Fund Grant Program

a) Eligibility Requirements

- 1) Eligible recipients are limited to appropriate not-for-profit organizations, governmental entities, educational institutions or corporations.
- 2) Eligible projects are limited to those that educate hunters and trappers of fur-bearing mammals within the State and the general public concerning the role that hunting and trapping has upon fur-bearing mammal management; the laws associated with the harvesting of fur-bearing mammals; the techniques used in the hunting and trapping of fur-bearing mammals; the conservation, management and ecology of fur-bearing mammals; and the promotion of products made from wild fur-bearing mammals.

b) Application Procedures

- 1) Grant applications for funding assistance under this program shall be submitted to the Department at One Natural Resources Way, Springfield, Illinois 62702-1271, Attention: Office of Resource Conservation. The application deadline will be April 30th. Application forms and instructions are available through the Department. Applications received after the deadline will be returned to the applicant and not considered by the Department.
- 2) Applications shall contain all of the following required information:
 - A) the name and address of the applicant
 - B) the name of a contact person
 - C) a daytime telephone number and e-mail address (if available) for a contact person
 - D) a comprehensive project description with justification, including:
 - i) furbearers to benefit from the project
 - ii) the target audience, with objectives, methodology, measurable outcomes and products resulting from the project that can be used after completion
 - E) a comprehensive funding/budget summary, including:
 - i) actual cash contributions other than the grant amount

- ii) documented purchase price of equipment or commodities
- F) signature of the applicant or authorized individual for applicant
- c) Project Evaluation and Procedures
 - 1) All applications received on time and containing the minimum required information will be reviewed by Department staff. Incomplete applications will be returned to the applicant for completion and resubmittal. Submitting an incomplete application does not extend the application beyond the application deadline. All complete, eligible and timely applications will be forwarded to the State Furbearer Committee for funding recommendations.
 - 2) The State Furbearer Committee shall evaluate and prioritize each application according to the following criteria: completed application, past grant performance of the applicant, eligibility, feasibility, adverse impacts, priority for the Department and the applicant's cost-share match. The Committee shall provide to the Director all eligible applications and a prioritized list of recommended projects deemed to be consistent with the purposes of the State Furbearer Fund.
 - 3) The Director shall make the determination of what grants shall be awarded after considering the recommendations of the State Furbearer Committee. Applicants shall be notified of the Director's decision.

B. Funding Information

This Notice of Funding Opportunity is for a grant award that utilizes only State appropriated funds from the State Furbearer Fund. Obligations of the State will cease immediately without penalty of further payment being required if in any fiscal year the Illinois General Assembly fails to appropriate or otherwise make available sufficient funds for this award. No federal funds are included in this grant program.

The Illinois Grant Funds Recovery Act (30 ILCS 705/5) limit the **grant period** to a maximum of twenty-four (24) months. The term begins on the date of the DNR Director's signature. Typically, that signature happens in late January. All work must be completed within the grant term. All grant funds must be expended by the grantee within 2 years of receipt of such funds. Any funds not expended or legally obligated at the completion of the project or at the end of the grant agreement, whichever is earlier, must be returned to the DNR within 45 days to be deposited in the Illinois Furbearer Fund.

New **application(s) which continue, supplement or expand** an existing grant project are eligible to compete without preference or hindrance for a new grant.

The statutory guidance on the use of the State Furbearer Fund (comes from Habitat Stamp sales) is:

520 ILCS 5/1.32) (from Ch. 61, par. 1.32)

Sec. 1.32. Distribution of funds; State Furbearer Committee.

(a) There is created within the State Treasury the State Furbearer Fund. All interest earned on monies in this Fund shall remain in the fund. Six percent of the money collected from the sale of State Habitat Stamps, and all interest earned, gifts, donations, grants, and bequests of money for the conservation of furbearing mammals shall be deposited into the State Furbearer Fund and shall be held separate and apart from the general fund.

These monies shall be appropriated to the Department for the following purposes:

(1) 10% of all funds derived from the sale of State Habitat Stamps and deposited into the State Furbearer Fund, and 100% of all interest earned, gifts, donations, grants and bequests of money for the conservation of furbearing mammals shall be appropriated for the purpose of conservation of fur-bearing mammals, and for projects, approved by the Department, for the purpose of developing and improving public fur-

bearing mammal habitat management areas within the State. The State Furbearer Committee may include, on an emergency basis only, any projects as the repair, maintenance, and operation of mammal habitat management areas, except that no monies spent within the State for this purpose shall be used for administrative expenses.

(2) 45% of all funds derived from the sale of State Habitat Stamps and deposited into the State Furbearer Fund shall be allocated by the Department to suitable non-profit institutions, corporations, or universities, for projects approved by the Department, for the purpose of conducting surveys and investigations concerning the biology, ecology, and management of fur-bearing mammals within the State. Before allocating any funds under the provisions of this paragraph (2), the Department shall obtain evidence that the project is acceptable to the appropriate non-profit institution, corporation, or university having jurisdiction over the expenditure of funds for the project, and shall consult those non-profit institutions, corporations, and universities and the State Furbearer Committee for approval before allocating funds.

(3) 45% of all funds derived from the sale of State Habitat Stamps and deposited into the State Furbearer Fund shall be allocated for projects approved by the Department for the purpose of educating hunters and trappers of fur-bearing mammals within the State and the general public concerning the role that hunting and trapping has upon fur-bearing mammal management, concerning the laws associated with the harvesting of fur-bearing mammals, concerning the techniques used in the hunting and trapping of fur-bearing mammals, and concerning the conservation, management, and ecology of fur-bearing mammals. Projects, as determined by the State Furbearer Committee, may include the promotion of products made from wild fur-bearing mammals, except that no monies spent for these projects shall be used for administrative expenses.

All allocations and accounting of moneys in the State Furbearer Fund, including all expenditures previously incurred, shall be allocated according to the percentages established by this amendatory Act of 1992.

(b) The State Furbearer Committee shall consist of: (1) the State Furbearer Biologist, (2) the Chief of the Division of Wildlife Resources or his designee, (3) the Chief of the Division of Land Management or his designee, (4) one representative appointed by the Director who is from a nonprofit institution, corporation or university within the State and is actively engaged in wildlife research pertaining to game or fur-bearing mammals, and (5) at least 2, but not more than 3, at large representatives from statewide fur-bearing mammal hunting and trapping organizations appointed by the Director. The Committee's duties shall be to review and recommend all State Furbearer Projects, and to review and recommend all expenditures from the State Furbearer Fund.

(c) At the end of each license accounting period, if 6% of the money collected from the sale of State Habitat Stamps and deposited into the State Furbearer Fund is less than \$100,000, the Director shall request a transfer and the State Comptroller and State Treasurer shall transfer from the Illinois Habitat Fund to the State Furbearer Fund the amount necessary to bring the total deposited into the State Furbearer Fund to \$100,000.

(Source: P.A. 86-159; 86-1028; 87-135; 87-1015.)

Available grant funding depends on Annual Projected Revenues and Funding Level Appropriated by the Illinois General Assembly. Annual Projected Revenues are usually \$100,000.

Disbursements: The disbursement of funds will be made after the final execution of the grant, and upon submission by the grantee of a written request for payment on the Request for Reimbursement form provided by DNR. All payments shall be based upon documentation of project expenditures as submitted by the grantee, as provided below:

1. Except as otherwise required by paragraph a) (Advance Payments), all billings shall be submitted within ninety (90) days following the end of a project period or date of project completion. Failure to do so may be cause for termination of the project with no further reimbursement to the grantee.
2. Project costs for which reimbursement is sought cannot be incurred by the grantee prior to the effective date of the agreement, unless otherwise authorized by the DNR. Costs incurred prior to DNR approval are ineligible for grant assistance. If purchase is initiated and documented by a written purchase order or invoice prior to the end of the term of the grant agreement and payment is made within 30 - 60 days, the expense may be allowable.
3. Final payment will not be processed until the Final Report and Request for Reimbursement are received and approved by the DNR. All local match (if any) will be paid by the grantee who will provide documentation at this time.

C. Eligibility Information

Eligible recipients are limited to any appropriate not-for-profit organizations, governmental entities, educational institutions or corporations. "Appropriate Not-For-Profit Organization" means a not-for-profit corporation that is organized pursuant to the General Not For Profit Corporation Act of 1986 [805 ILCS 105], is in good standing as a not-for-profit corporation and is authorized to conduct affairs in Illinois with one of its purposes as stated in its Articles of Incorporation or Bylaws being the support, development, conservation or management of habitat for future generations, or wildlife rehabilitation.

Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM): Each applicant is required to have a valid DUNS number and be registered in SAM before submission of their application.

An applicant is exempt only if the applicant is an individual or Federal or State awarding agency that is exempt from those requirements under 2 CFR § 25.110(b) or (c), or has an exception approved by the Federal or State awarding agency under 2 CFR § 25.110(d).

If an applicant is not registered in SAM, this link provides a connection for free SAM registration: <https://governmentcontractregistration.com/sam-registration.asp>

An applicant must continue to maintain an active SAM registration with current information at all times during which it has an active Federal, Federal pass-through or State award or an application or plan under consideration by a Federal or State awarding agency. It also must state that the State awarding agency may not make a Federal pass-through or State award to an applicant until the applicant has complied with all applicable DUNS and SAM requirements and, if an applicant has not fully complied with the requirements by the time the State awarding agency is ready to make a Federal pass-through or State award, the State awarding agency may determine that the applicant is not qualified to receive a Federal pass-through or State award and use that determination as a basis for making a Federal pass-through or State award to another applicant.

If an applicant does not have a DUNS number, this link provides a connection for a free DUNS number: <https://fedgov.dnb.com/webform>.

Kinds of Projects Eligible for Grants are limited to those that educate hunters and trappers of fur-bearing mammals within the State and the general public concerning the role that hunting and trapping has upon fur-bearing mammal management; the laws associated with the harvesting of fur-bearing mammals; the techniques used in the hunting and trapping of fur-bearing mammals; the conservation, management and ecology of fur-bearing mammals; and the promotion of products made from wild fur-bearing mammals.

Kinds of Projects Ineligible for Grants - the purchase or lease of a vehicle such as a truck or All-Terrain Vehicles (ATV's).

Cost Sharing or Matching is not required for award of these grants but it is an evaluation criteria item. The review committee feels the applicant demonstrates more value and importance in their project when cash or in-kind match is included.

Indirect Cost Rate: In order to charge indirect costs to a grant, the applicant organization must have an annually negotiated indirect cost rate agreement (NICRA). There are three types of NICRAs: a) Federally Negotiated Rate. Organizations that receive direct federal funding may have an indirect cost rate that was negotiated with the Federal Cognizant Agency. Illinois will accept the federally negotiated rate. The organization must provide a copy of the federally NICRA. b) State Negotiated Rate. The organization must negotiate an indirect cost rate with the State of Illinois if they do not have Federally Negotiated Rate or elect to use the De Minimis Rate. The indirect cost rate proposal must be submitted to the State of Illinois within 90 days of the notice of award. c) De Minimis Rate. An organization that has never received a Federally Negotiated Rate may elect a de minimis rate of 10% of modified total direct cost (MTDC). Once established, the de minimis rate may be used indefinitely. The State of Illinois must verify the calculation of the MTDC annually in order to accept the de minimis rate.

D. Application and Submission Information

Request Application Package: The complete application package consists of these 3 documents found at www.grants.illinois.gov:

1. Uniform Application for State Grant Assistance
2. Project Narrative
3. Uniform Budget Template

Certification and Assurances: All applicants must agree with and comply with the list of "Certification and Assurances" also found at www.grants.illinois.gov. Do not include this list with the submitted application. It will be part of the grant agreement documents.

To contact DNR, request or submit forms use the following means:

By US Mail: Department of Natural Resources
Office of Grant Management and Assistance
One Natural Resources Way
Springfield, IL 62702-1271

By e-mail: susan.duke@illinois.gov

By phone: (217) 785-4416

Application Format: The Application and Budget forms should be on letter-sized paper and type font size must be 9 or greater. Any and all project descriptions, proposals, pictures, charts, tables and maps on separate sheets must be included with the application. These forms are designed to allow the Department and the review committee to obtain enough information to evaluate the proposed project.

Additional Documents to be Submitted: Applicants that have not done business with the State of Illinois in the last 3 years, or have reorganized since last doing business with the State must provide a copy of their **IRS Determination Letter** which declares the entity's legal status as determined by the IRS, e.g. tax-exempt, governmental, partnership, type of corporation, or type of Limited Liability Company. This letter is not the FEIN assignment letter, but is among the original legal/tax documents for an entity.

All applicants must complete and provide the **latest W-9 version** as found at www.irs.gov. The Illinois Comptroller, who issues all State payments, will not accept earlier versions.

Application Submission: The applicant must provide all information requested in the application package. Only one (1) original application with supporting documentation and legally authorizing signature needs to be submitted. Paper copies may be double-sided. Applications can be submitted electronically (an original or electronic signature is required), but not by facsimile. **The application deadline is 5:00 p.m. April 30, 2019.** Should this date fall on a Saturday, Sunday or holiday, the deadline will be extended to the next business day.

Applications considered incomplete will be returned to the applicant for completion and resubmittal. Submitting an incomplete application does not extend the application deadline date. Applications received after the deadline date will not be considered and will be returned to the applicant.

Signers of these documents must be authorized by their organization to enter into formal contracts. All communication, oral or written, **between** the applicant and DNR will be with the signer, or their designee. Applications that are not signed will be returned.

Grant Pre-qualification: An entity may apply for a grant, but will not be eligible for a grant award until the entity has pre-qualified through the Grant Accountability and Transparency Act (GATA) Grantee Portal, www.grants.illinois.gov.

During pre-qualification, Dun and Bradstreet verifications are performed including a check of Debarred and Suspended status and good standing with the Secretary of State. The pre-qualification process also includes a financial and administrative risk assessment utilizing an Internal Controls Questionnaire. If applicable, the entity will be notified that it is ineligible for award as a result of the Dun and Bradstreet verification. The entity will be informed of corrective action needed to become eligible for a grant award.

Intent to Award: Following a decision of intent to award DNR is required to do a risk assessment of the applicant. Information required at that time from the successful applicant will include:
For the applicant to remain eligible for the award, they must provide the requested information within 30 days after notification of intent to award.

E. Application Review Information

Review and Selection Process: All applications received on time and containing the information required by the application packet will be reviewed by Department staff. Incomplete applications will be returned to the applicant for completion and resubmittal. Submitting an incomplete application does not extend the application deadline beyond the designated deadline date. All complete, eligible and timely applications will be forwarded to the Illinois Furbearer Fund Advisory Committee for evaluation and recommendation to the DNR Director, who makes the final decision on awards. Committee members with ties to an applicant entity are not allowed to vote on that entity's application.

Applications Evaluation: All applications received on-time and containing the required information are reviewed and prioritized by the Illinois Furbearer Fund Advisory Committee according to the following criteria: completed application, past grant performance of the applicant, eligibility, feasibility, adverse impacts, quality of the proposed habitat, priority for the Department, the applicant's cost-share match, and the applicant's plan for general public access to and/or use of the proposed habitat development or equipment purchase. The application must provide an activity timeline on how the project's goals will be attained.

The Illinois Furbearer Fund Advisory Committee will forward to the Director all applications and the prioritized list of all projects deemed to be consistent with the purposes of the Furbearer Fund. The Director will determine which grants will be awarded after considering the recommendations of the advisory committee. All applicants will be notified of the Director's decision.

Evaluation Criteria: The Illinois Furbearer Fund Advisory Committee shall evaluate each application presented as follows:

Biological Importance

- 25 = Assists with achieving the goals of the Illinois Statewide Wildlife Action Plan
- 20 = Assists with achieving partial goals of the Illinois Statewide Wildlife Action Plan
- 10 = Assists with development of habitat associated with general private land work
- 5 = Provides minimal assistance with habitat development
- 0 = No habitat development provided (Project Not Recommended for Funding)

1. Geographical Reach

- 15 = Regional scope; natural division, game division, watershed
- 10 = County or managed area
- 5 = Individual Landowner

2. Quality of Habitat Provided

- 15 = Provides high quality habitat for target wildlife species as prescribed by the Wildlife Action Plan
- 10 = Provides moderate quality habitat that can address some of the needs of target wildlife species
- 5 = Provides limited quality habitat that addresses only one of the target species' habitat needs
- 0 = Inappropriate plant materials are used or promoted (Project Not Recommended for Funding)

3. Methodology and Project Cost (Feasibility)

- 15 = Proposed methodology is sound and project cost is economical
- 10 = Proposed methodology is sound but project cost is average
- 5 = Proposed methodology is sound but project cost is expensive
- 0 = Proposed methodology is not sound (Project Not Recommended for Funding)

4. Match and Partners

- 15 = 50% or more match provided; or two or more partners participating
- 10 = 25% or more match provided
- 5 = less than 25% match provided
- 0 = no match provided

5. Public Access Provided

- 15 = Full public access provided
- 10 = Limited public access provided or habitat used as a refuge
- 5 = No public access allowed
- 0 = Paid public access (Project Not Recommended for Funding)

Maximum Habitat Development & Management Score = 100

Equipment Proposals

1. Equipment Need

- 35 = Equipment will be used by a habitat team for habitat development and/or management and will be used over broad areas or within Focus Areas or Conservation Opportunity Areas.
- 25 = Equipment is directly used for habitat development and/or management and is located in an area where equipment availability is limited.
- 20 = Equipment is directly used for habitat development and/or management and is located in an area where equipment with the same capability is available for timely use to conduct management.
- 10 = Equipment is indirectly used for habitat development and/or management and is located in an area where equipment with the same capability for timely use to conduct management is limited.
- 5 = Equipment is indirectly used for habitat development and/or management and is located in an area where equipment with the same capability is available for timely use to conduct management.
- 0 = Equipment is not involved with habitat development and/or management (Project Not Recommended for Funding).

2. Equipment Maintenance

- 15 = Equipment will be stored in a building sheltered from the elements
- 10 = Equipment will be stored under tarp or in an open shelter
- 5 = Plans for equipment storage are unknown but equipment will be protected
- 0 = Equipment will be stored without protection (Project Not Recommended for Funding)

3. Appropriateness of Equipment and Project Cost (Feasibility)

- 15 = Proposed equipment is appropriate and project cost is economical
- 10 = Proposed equipment is appropriate but project cost is average
- 5 = Proposed equipment is appropriate but project cost is expensive
- 0 = Proposed equipment is not appropriate (Project Not Recommended for Funding)

4. Match and Partners

- 15 = 50% or more match provided; or two or more partners participating
- 10 = 25% or more match provided
- 5 = less the 25% match provided
- 0 = no match provided

5. Public Access Provided

- 20 = Equipment will be used by a habitat team to provide habitat on private and public land
- 15 = Equipment will be provided to the public at no cost
- 10 = Equipment will be provided to the public at a reasonable cost
- 5 = Equipment will be limited to a group or site

Maximum Equipment Score = 100

Anticipated Announcement and State Award Dates: The Committee's recommendations are forwarded to the DNR Director, who usually makes his decisions shortly thereafter. Each applicant will be notified by letter and/or email of the Director's decision regarding their application.

F. Award Administration Information

State Award Notice: After the DNR Director has made his decision the successful applicant will be notified by email and/or letter of any final requirements before the grant can be awarded to them. Once all the final requirements have been completed, two (2) originals of the Grant Agreement between DNR and the applicant will be sent for the applicant to sign both and return. Then the DNR Director will also sign both. One original will remain with DNR. The other original will be returned to the applicant.

Only after the Grant Agreement has been signed by the Director can expenses be incurred for grant reimbursement. Any expenses incurred outside of the grant period (before or after) are at the applicant's risk and are not eligible either as match or for reimbursement related to the grant.

Performance Reporting: The grantee shall be required to provide reporting of its activities under this project. The DNR may withhold or suspend payment if the grantee fails to submit the required reports. The following reports are required under this Agreement:

- a) **Quarterly Progress Reports:** If the amount of grant funds awarded exceeds \$25,000.00, the grantee is required to provide to the DNR quarterly progress reports that describe the progress of the project and expenditures of funds according to the budget line items as detailed in the approved Uniform Application for State Grant Assistance. The Quarterly Progress Report will be due as follows:

<u>Period of Work</u>	<u>Quarterly Progress Report Due Before</u>
January 1 – March 31	April 30
April 1 – June 30	July 31
July 1 – September 30	October 31
October 1 – December 31	January 31

- b) **Annual or Final Report:** The grantee shall submit a written **Final Report** to the department no later than 30 days following the completion of the Project or the ending date of the grant agreement, whichever is earlier, in accordance with the applicable administrative rules. The Final Report shall include:

- Grant Agreement Number
- Grantee name, address and telephone number
- Time-frame of the report
- Name and telephone number or e-mail address of grantee representative completing the report
- Project objective as described in the application and grant agreement
- Completed Project description,
- Summary of the Project accomplishments (if applicable) as follows:

for habitat preserved, protected, acquired, managed or improved (list of wildlife and/or native plant resources [by species] that benefit from the Project and how they benefit; acres planted in cool season grasses, warm season grasses, forbs, legumes, shrubs, trees or other appropriate description, including whether the acres were new or replanted; acres sprayed or controlled through the use of herbicides; acres upon which controlled burns were undertaken; acres affected through woody vegetation and/or tree removal; acres planted, disked, mowed, sprayed, or burned; trees/shrubs planted or removed with equipment purchased through the grant; number of cooperators involved in the Project);

Total project expenditures itemized to include the following: name and address of vendor, item description identifying details (if applicable), quantity purchased, date item purchased;

- Project expenditures paid by funds other than Special Wildlife Grant Funds;

Documentation to support the summarized report including a complete list of landowner names and full address (note if absentee owner), acreage location and acres affected by the project. Multiple conservation practices on the same acreage do not multiply the acreage. On habitat development projects where other governmental or private funding programs are involved, the grantee is required to provide detailed information including but not limited to the type of eligible conservation

practice completed, the amount (\$) of other cost sharing provided, the name of the cost share provider, and length of time committed to maintain the developed habitat area.

The DNR can provide a Final Report form.

c) Equipment Use Report: If the grant is for the purchase of equipment, a similar written report of equipment usage shall be due to the DNR by December 31st in each of the first five years following the purchase of equipment. The **Equipment Use Report** shall include the following:

- Details on the Grant recipient:
 - Grant Agreement Number
 - Grantee name, address and telephone number
 - Time-frame of the report
- Details on the piece of equipment:
 - Equipment type, model number and serial number
 - Storage location address
 - Acre or odometer meter reading at the beginning and ending of the reporting period
 - Contact person name and telephone number
 - Rental rate charged and total fees collected for the use of the equipment
 - Description of any equipment maintenance and total expenditures for maintenance, supported by paid invoices
- Detailed information on the use of the equipment, including:
 - Date equipment was used
 - Location of equipment use, including county, township, range and section
 - Landowner name and full address (note if absentee owner)
- Description of how equipment was used:
 - management practice completed (planting, disking, mowing, herbicide application, prescribed burn)
 - materials planted including the quantity and species planted and provide details of seed mix contents;
 - acres established, enhanced or otherwise affected and how. (Note when multiple practices are on the same acres.)

Failure to provide reports in a timely fashion shall render the grantee ineligible to receive payments under the current award and make them ineligible for future awards. Deadlines for reports may be extended for just cause when such requests are submitted in writing at least two weeks prior to the deadline. All reports are to be delivered to:

H. Other Information

Besides the State Furbearer Fund, the Special Wildlife Funds offer non-profit organizations three (3) grant programs annually with specific purposes: the Illinois Habitat Fund focuses on wildlife habitat conservation. The State Furbearer Fund focuses on conservation of fur-bearing mammals and developing and/or improving public fur-bearing mammal habitat management areas within Illinois. The State Migratory Waterfowl Stamp Fund focuses on development of waterfowl areas within the Dominion of Canada or the United States that specifically provide waterfowl for the Mississippi Flyway.

More information can be found at DNR's website: www.dnr.illinois.gov Search for "Grants" under the A-Z tab.

The State of Illinois is not obligated to make any award of the State Furbearer Funds as a result of this Notice of Funding Opportunity.

Only the Director of Natural Resources makes the determination of what grants shall be awarded after considering the recommendations of the State Furbearer Committee. Grant applicants are not authorized to proceed on their projects until the Director has signed the Grant Agreement.

Mandatory Forms -- Required for All Agencies

1. Uniform State Grant Application
2. Project Narrative
3. Budget
