COMPREHENSIVE ENVIRONMENTAL REVIEW PROCESS

Project Title: Park Road Repairs

Site Name: Lincoln Trail State Park Proposed Start Date: Summer 2016

Contact Person: Louis Yockey PH#: 557-6724 County: Clark

Township: 10N Range: 12W Section: 3 & 10

Project Description:

This CERP is for park road repairs at Lincoln Trail State park.

The upper concession parking lot, the lower boat ramp parking lot, and both parking lot access drives will all receive a 2" asphalt overlay where conditions allow. Where the existing asphalt is damaged, the defective asphalt surfaces will be removed and replaced with a new base course and a 3" asphalt surface. These parking lots will also receive new striping & handicap and directional signs. The lateral movement of the upper concession parking lot will need to be addressed by constructing a retaining wall or other design considerations.

Two existing lights will be replaced with new poles and fixtures.

Also, 108 camp pads in the Plainview campground, and 100 camp pads in the Lakeview campground will be top dressed with new CA6 gravel with limestone screenings.

Funding Source: IDNR Capital _____ Heavy Equipment _____ Force Account _____

Other Agency _____ Federal Program _____

Approval by Site Superintendent: (for all NON-CAPITAL projects, e.g., heavy equipment, force account, leases)
