Shooter's Responsibility Entry and Shooting Procedure

- 1) The Vendor Mall will open for squadding and cashing on Wednesday, June 22nd at 12:00 noon CST. It will open at 8:00 a.m. each day thereafter. The Vendor Mall will close daily at 5:00 p.m. Before being classified/handicapped, please have your ATA plastic card and average card.
- 2) Your handicap yardage and singles/doubles classification will be determined at the Handicap Committee counter. Also at this time, any category declaration must be made. For purposes of category declaration the time of entry is when you are classified/handicapped.
- 3) All participants must be handicapped/classified prior to making their first entry as this is how classification and handicap yardage are noted for entries throughout the tournament. The cashier will not be able to process your entry prior to classification. Shooters must have their plastic ATA card with them when they are squadded and cashiered.
- 4) A paperless entry system will be used. Please be sure to have your ATA plastic card when you are at the squadding windows.
- 5) If you draw positions that will not be used for an event, please see squadding personnel immediately to release your position. Releasing your position allows us to fill holes in open squads, making this tournament more enjoyable for all shooters. A shooter may not draw more than one (1) position per event.
- 6) The cashiers will directly input your entries, including options, at the cashier windows. You will be supplied with a receipt showing your squad, position and bank number along with your class/yardage, options and applicable categories for each event entered. Once you leave the cashier window, your entry cannot be changed for options or squadding.
- 7) No counter checks or second-party checks will be accepted by the cashier. Checks will be accepted for the amount of shooting fees only. Shooters presenting checks which are returned or dishonored for nonsufficient funds or any other reason will be charged a \$25 fee.
- 8) All entries and purchases must be made in U.S. funds only. All checks will be made out to IDNR - WSRC.
- 9) NO ENTRIES, PURSE, OPTIONS OR FEES REFUNDED UNLESS SHOOT IS CANCELLED.

Classification

- 1) Shooters are required to have their 16 Yard and Doubles averages computed on their cards for use by the Handicap Committee.
- 2) Shooters who do not have a total of 1000 16 yard targets registered with the ATA in the current and previous year will be advanced at least one class or more at the discretion of the classification committee. Shooters without an established average shall be placed in class B or higher at the discretion of the classification committee.
- 3) Shooters who do not have a total of 500 doubles targets registered with the ATA in the current and previous year will be advanced at least one class or more at the discretion of the classification committee. Shooters without an established average shall be placed in class B or higher at the discretion of the classification committee.
- 4) Shooters who do not have a total of 1000 handicap targets registered with the ATA in the current and previous year will be assigned to the 23 yard line or the regular handicap yardage, whichever is greater.

Shoot-Offs

Contestants will receive three calls for shoot-offs. No response will forfeit. Ties in Singles shall be carried over into the next like sub-event. Doubles also carry over. Handicap events will be carried over by sub-events, however, yardage disparities will be shot off the same day of the event.

Pre-Squad Rules

- 1) All pre-squadding for the U.S. Open can be completed at ***www.presquad.com***. Presquadding begins May 15th, 2016 and will close on June 15th, 2016.
- 2) In an effort to avoid unused positions, it is imperative that you either cashier or release all positions that you have pre-squadded for prior to the event. Anyone that does not cashier or release positions that have been presquadded in their name will risk having any or all subsequent pre-squadded positions in their name released by management. You may call the office at 618-295-2700, ext. 8-333 if you can not make it to the club in time and have your position released.

Pre-Squad Rules *(continued)*

- 3) A shooter may only draw one position per event. Any shooters wishing to squad together must fill out only one application indicating the shooters full name, ATA number, and handicap yardage on the line indicating which position that shooter wishes to shoot. Applications for full or partial squad that do not have each shooter's information completely and properly filled out will not be honored. Multiple applications for any individual will be discarded and will not be refunded. The first application encountered will be processed only.
- 4) Squadding will be restricted to a maximum of 3 yards on a squad, as per ATA rules.
- 5) Telephone requests will not be honored.

Rules and Regulations

- 1) Should you win or tie for high in a class in any 16 yard or doubles event or earn yardage in any handicap event, it shall be your responsibility to report to the handicap desk and have your yardage increased or classification reviewed.

Shooters winning or tying for high in class in any event will be advanced at least one class for the next like event. Any shooter whose class or yardage is changed for any reason shall be considered to be notified when the new class or yardage is posted on the bulletin board.

- 2) Any shooter failing to carry out rule 1 above or who shoots in an incorrect class or from a yardage higher or lower than that assigned by the handicap committee will be subject to disqualification and will not be eligible to share in any money division or be eligible for trophies.
- 3) A minimum of three entries are needed in each class, group or category for trophies to be awarded.

Category Shooters

At all tournaments where All American points will be awarded in any event, shooters may declare only one category (i.e. Lady I, Lady II, Sub-Junior, Junior, Junior Gold, Sub Veteran, Veteran, Senior Veteran and Chair Shooters) Note: Chair shooters are exempt from this rule. Any shooter who is tied for event Champion may shoot-off/carry-over for the Championship trophy.

If a shooter fails in the championship trophy shoot-off/carry-over and has declared a special category at the time of classification, the shooter will fall back to the declared category.

Category Shooters *(continued)*

Any shooter who has declared a special category at the time of classification and whose score qualifies for any trophy in his/her declared category, will compete for the category trophy and not for place, class or yardage group. Any special category shooter, whose score does not qualify for a trophy in his/her category, may compete for place, class or yardage group trophies. Once any declarations have been made either by a shooter or shoot management, the declaration is final and cannot be changed. There shall be no exception to this rule.

Shooters are required to have their 16-yard and doubles averages computed for use by the handicap committee.

- 1) All Lady I, Lady II, Sub-Junior, Junior, Junior Gold, Sub Veteran, Veteran, Senior Veteran shooters must declare their special category at the time of classification in any registered tournament if they wish to compete as a category shooter. Without such declaration, the contestant will not be allowed to compete for the applicable category trophy for the duration of the tournament. No contestant will be allowed to declare or change a special declaration after firing his/her first shot. There will be no exceptions to this rule.
- 2) Each shooter who is entitled to receive money won during any event agrees that if such money is not received by him during the period of this tournament, a check in payment for the money won may be mailed to him at the address indicated by ATA records, and when so mailed, the club will not be liable in any manner whatsoever for any check lost, stolen, unclaimed, or otherwise not received by the shooter.
- 3) Management will not be responsible for errors in scores after the options have been posted. Shooter should use the score board to check their scores and notify shoot management immediately if a discrepancy is noticed.
